"Is it any wonder parents harm their children??"

CRITICAL S.A. DISABILITY WAITING LISTS JUMP 26.2% in JUST 12 MONTHS?

Last Sunday The Adelaide Sunday Mail ran a great story on the disability waiting list crisis in SA
You know the waiting lists that the Government just hopes will go away!!!!!!!!!!!!!!

With the official new data released just last month (after the state election?) the Dec2008-Dec
2009 comparison makes horrific reading

In just 12 months SA Cat 1 critical waiting lists jumped from 525 clients to 663 or 26.2%
Total clients awaiting disability services jumped from 2173 to 2667 or 22.7%

And the Dec2009 major response of Premier Rann was to announceyup,
another inquiry?

Little wonder no one seems keen to support this Cappo inquiry unless crisis management
intervention is taken first!

Full details of the most recent report can be found at

Disability Speaks will distribute on behalf of any organization that meets suitable criteria online information that is of wide disability community interest via our database that now numbers nearly 4,000 recipients for Government, advocacy groups and other major disability organizations. We hope in the lead up to elections, state or federal, we can distribute policy and support information from political groups. Such distribution is not in any way endorsement by Disability Speaks. From time to time Disability Speaks will also distribute media releases commenting on developments in the disability sector. We strongly encourage you to forward all releases to your friends, clients and disability supporters and encourage them to subscribe direct. To do so simply send an email subject "subscribe" to the address below.
